

Dual Channel Automotive IR Wireless Headphones with Auto Mute function

IR-506D dual channel automotive IR wireless headphones work with most Mobile Video Systems that have a built-in infrared transmitter. They feature a mute function and volume control, and will turn themselves off automatically when no signal available. They are powered by 2 of AAA batteries, which are not included.

Features:

- Dual channel
- Fold flat design for easy storage
- Monitor Function
- Auto mute & Auto power off function
- Comfortable wearing with adjustable headband
- Compatible with all vehicle video systems
- Personal volume control
