#### Product Display:

The new and upgraded RF-910(MLC) silent Disco headphones, designed for diverse scenes, combine latest silent disco technology with user-friendly design to provide immersive audio solutions for silent parties, conferences and speaking events!

Specially designed for conference settings, this headphone delivers clear and stable audio transmission, making it ideal for professional meetings, training sessions, and multilingual events.

Features a side-slide channel switch for smooth and effortless operation. Users can seamlessly switch between audio channels without removing the headphones, perfect for multi-scenario use.

Each headphone comes with an individual volume control, enabling users to adjust the volume to their preference for a customized listening experience.

Designed with soft ear pads that conform to the shape of the ears, ensuring long-lasting comfort without pressure, guaranteeing all-day comfort.

Volume adjustment and fine-tuning controls are integrated on the side of the headphones, providing easy access and intuitive operation without interrupting the event.

Powered by a built-in Lithium-Polymer battery, the headphones support extended continuous use and come with a rechargeable function, meeting the demands of all-day events without the hassle of frequent battery replacements.

Unique keyboard design, can change the LED light color, can also turn off the LED light.

## What is RF-910(MLC)?

Combining **professional audio transmission, comfortable wear, and clear sound quality**, this headphone is the ultimate audio solution for both formal conference settings and lively entertainment events. It ensures efficient event organization and an enhanced experience for all participants!
